Objective

As a recent graduate, I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as a Software developer. I am also seeking for a challenging opportunities where I can fully use my skills for the success of the organization.

Skills

- Problem solving – Able to solve problems related to software systems.
- Leadership skill - I was once selected as project leader and my team manage to be on top three.
- Teamwork – I am a dedicated team member who enjoy working with others but also able to work independently.
- Communication Skills - both oral and written, gained from being a tutor and mentor for first year ICT students in 2020, and producing well-structured activities/assignments for myself and my students.
- Time Management Skills - meeting deadlines have been one of my perfections as I had to attend my lectures, complete my assignments, provide tutorial support and also avail myself at any time when my mentees needed me.
- Computer Skills including Programming Skills - Java, C#, JavaScript, HTML, and Python.

- Microsoft Office
- Getting Started with Enterprise Data Science and Getting Started with Cloud for the Enterprise
